Swing Into Recovery Golf Clinic for Stroke Survivors - 2:30pm Start

THE 2010 FORSYTHE CUP INVITATIONAL GOLF TOURNAMENT

The History of The Forsythe Cup

The Forsythe Cup began in 1999 as a nine hole event for some friends to get together and compete for the Cup. It has since grown to a full shotgun tournament at some of Canada's premier golf courses.

Over the past six years The Forsythe Cup has raised over \$42,000 for the Aphasia Institute in Toronto. With this year's event, we hope to continue that success and grow the number exponentially.

Aphasia

Aphasia is an acquired disorder caused by an injury to the brain and affects a person's ability to communicate. It is most often the result of a stroke or head injury.

The Aphasia Institute

The Aphasia Institute has been helping people and their families for over 25 years. They aim to give hope and make a difference to the quality of life and well being of individuals with aphasia and their families, wherever they may be. They aspire to change society so that communicative access is universally accepted for all those affected by aphasia.

The Swing into Recovery Golf Clinic

For the 6th year in a row we are hosting the Swing into Recovery Golf Clinic for stroke survivors who really want to get back to the sport they love. The clinic is free for stroke survivors, and after the clinic they will be able to have dinner and enjoy the evening festivities with the tournament golfers. 12 participants will be able to participate in this year's clinic and we are hoping for another huge success.

We appreciate your support and thank you sponsoring such a worthy cause.
